I messed up with the calendar, really. I stayed late on Wed and Thurs and was taking my time Friday morning. I told Ms. Antoinette she could work remote and I didn't verify what time folks were getting here for ILC. I should have been here. I explained and apologized to Casey on the phone, but I will send her an email today to express my apologies again in writing.

Hi Toni,

Joshua and I connected at 9am (thankfully his phone number is in his email signature!).

We ended up defecting to Room 430 for the meeting, as we realized we were set to lose ~30 minutes of a 3-hour meeting. But we did make it back down to the CELT suite for lunch.

Best,
Casey

HI Casey,

My apologies for not being available - did you gain entrance to the suite in time?

Best,
Toni

Hi Joshua,

We are in front of CELT and the space is locked. I'm concerned because we have 322 booked all morning for our faculty retreat.

Please advise.

Best,
Casey
